Home institution:	_____
Degree title/subject area at home institution:	_____
Receiving inst./organisation/company etc.	_____
Academic year:	_____
Time of exchange:	_____
Duration of exchange (weeks/months):	_____
Bank account holder (if other than the grant holder):	_____
Bank account (IBAN):	_____
BIC-code/SWIFT-address:	_____
Grant amount:	_____

Mobility grants are awarded for full-time studies/work placements in another Nordplus country for degree students studying for a first or second cycle degree.

The following rules apply to student mobility grants:

- The studies abroad shall be fully recognised as a part of the degree at the student's home institution.
- ECTS shall be used
- In general, the student shall not pay any tuition fees or similar fees during his/her stay abroad (exceptions: any student union fees, possible application fees, tuition fees for third country students and possible course fees)
- The student shall live at his/her place of study; commuting between place of study and ordinary place of residence is not permitted
- Confirmation of grant award shall be signed before payment is made
- A learning/training agreement shall be signed before the exchange
- A final report on the exchange shall be submitted by the student after the exchange has been completed (not mandatory for express mobility)
- A cancellation/termination of the exchange leads to paying back all or some part of the grant
- The student is responsible for taking out adequate insurance

I have familiarised myself with the rules above and I am committed to follow them in order to receive a Nordplus grant. In case these rules are not met, the grant will be reclaimed partly or in full.

Place and date: _____

Signature of the student:

_____
